COUNTY COMMISSIONERS MEET. The new board of county commissioners succeeded the old on Tuesday and N.E. Roddenberry and C.J. Altman relieved O.M. Prescott and Newt Roddenberry, the retiring members. They selected county agent Hursey with the same salary, \$75.00 per month. O.F. Wilson, clerk at \$40.00 per month and A.S. McQueen with retainer fee of \$175.00. There was quite an interest in the outcome of the election of county agent Hursey and several of our local politicians were busy working for his retention.

WEDDING. The marriage Sunday of Miss Sara Cornelia Davis and Mr. Archie Buie of Burnt Fort was an event of the holidays. They were married Sunday in Waycross at the parsonage of the Methodist Church by the pastor, Rev. John M. Outley. They will make their home at Burnt Fort on the Camden County side. She is the daughter of Rev. M.G. Davis and was a member of the graduating class of 1933. Mr. Buie is the manager of the business of his uncle and is well thought of by all who know him. Miss Mary Shivar accompanied them to Waycross.

CREWS CHILD INJURED BY MOTHER PIG. Rufus Carrol, five year old son of Rufus Crews, was attacked by a sow when the child went into a lot at his grandfather Moses Crews place, where the hog and some young pigs were. His screams caused a hasty rush of the household to his rescue where they found the sow biting him ferociously. He was given treatment at the Thompson Drug Store. No bad results are expected from the bites.

MR. T.R. CARTER DIED. Last rites were held at Piney Grove Church Tuesday for T.R. Carter, 56, a Ware County farmer who died at his home near there Monday. He was the father of Mrs. Jack Mizell of Folkston. Interment was in Piney Grove cemetery.

HOMELAND CITY ELECTION. The Homeland election with one candidate for mayor, C.W. Waughtel and eight candidates to fill five alderman vacancies and S.E. Ackerman for recorder was on in full blast Thursday morning. The council candidates were B.W. Kennison, W.C. White, M.Z. Wildes, G.H. Guinn, Fred Kottman, M.M. Toy, Arthur Roberts and Wm. Schneider.

BODY OF FOLKSTON YOUTH BROUGHT BACK FOR BURIAL. Interment was made in the Folkston cemetery Saturday of the body of Jeff Stokes, son of Mrs. J.J. Stokes, who died some five years ago in Santos, Brazil. He was employed by the Mississippi Shipping Company at the time of his death and through government agencies the removal of his body was made. Under the law it seems bodies cannot be brought back from foreign countries until after the lapse of five years and the family made arrangements to have that done as soon as the time expired. The shipping company brought the body back to New Orleans and it was shipped from there, arriving on the Boogy last Saturday. Ely came down from Hickox to assist with the interment.

MRS. L.M. SANDERSON DIED. Mrs. L.M. Sanderson, age 69, died suddenly in Homeland Saturday just after returning from a visit to her daughter, Mrs. Preston Wildes near Newell. She has lived at Homeland for the past several years and was well thought

of. She was buried at Antioch with Rev. Hodges of Hilliard, pastor of Homeland Baptist Church, officiating. She is survived by three sons, Grant, Arthur and Ernest; three daughters, Mrs. Preston Wildes, Mrs. Joe Bunch and Mrs. Archie Williams.

FLU EPIDEMIC AT MONIAC SCHOOL. Two of the teachers, Mrs. Ralph Knabb and Miss Marie Boyd as well as fully half the pupils were absent from the new Moniac school this week as a result of the flu epidemic raging in that community. The enrollment of the school is 148 normally and the attendance was out to less than 70 this week. The report is that quite a number are laid up and the doctors from Macclenny and Baldwin are practicing there. None of the sick are seriously ill so far as we were able to learn.

CHARLTON COUNTY STATISTICS. Judge H.G. Gibson has supplied the Herald with the vital statistics report for 1932 which shows that there were 100 marriage licenses issued; 70 births reported and 39 deaths reported from Charlton County. The New Year record was a marriage license to John A. Haywood of Toledo and Ludie Sims of Traders Hill, Judge Gibson tying the knot.

CHOLERA IN PIGS OF LOCAL FARM. Grooms Brooks was in this week to see us. He brought us a dozen bottles of sweetness to go with our bread and it was a fine sample of syrup. He tells us that hog cholera has been working on their porkers and that he lost nine. Inoculation has been done but the hogs were on a range so big it was hard to pen them up for treatment.

CITY MARSHAL AND ATTORNEY CHOSEN. The Folkston city fathers met and the marshal and city attorney were the only officers to be elected. Marshal Barnes was elected without opposition. There was a contest over the attorney's place between Attorney Braswell and George Gowen and George Gowen was chosen. Compensation of the marshal remains the same, at \$100.00 per month, while a retainer fee of \$50.00 was set for the town attorney.

January 13, 1932

CROSS TIES FROM LAND OF MRS. LYDIA STONE CREWS. One of the largest sales of tie stumpage reported for this section is that of part of the timber on property of Mrs. Lydia Stone Crews to Mr. Jim Strickland of Waycross for approximately \$5,000.00. The winter dry weather has enabled him to cut sufficiently of the timber to net that sum already and he still is cutting from the property. These ties are close to trackage and under present conditions easily accessible. They are to be used by the AB&C Railroad.

HOMELAND ELECTS CITY OFFICIALS. Last Thursday the annual election of officers for the town of Homeland was held. The successful are C.W. Waughtel, mayor; S.E. Ackerman, recorder; M.M. Toy, William Schneider, W.C. White, W.Z. Wildes and Grover Guinn, councilmen. The town is in a fine condition and despite the fact that it had levied no tax for 1932, has a hundred dollars in its treasury.

U.S. BOMBERS FLY OVER FOLKSTON. Folkston was given a sight of the bombers of the United States flyers Monday afternoon when two fleets flew over the town on their way from the Miami races. These monsters thrilled the younger generation as well as the older as they watched them fly past just a few hundred feet overhead. Their hum

was significant, awe inspiring. The announcement was recently made that ships carrying passengers on a regular schedule will soon be put on from Jacksonville. FOLKSTON CITY OFFICIALS. Mayor Thompson announced this week that the council committees appointed for 1932 were re-appointed for 1933. Council members are O.E. Raynor, George R. Gowen, C.J. Passieu, O.C. Mizell and V.A. MANY TOURISTS. Banks Restaurant served sixty dinners Thursday to tourists.

SHERIFF SIKES TO LIVE IN JAIL RESIDENCE. The residential part of the jail is being cleaned and repainted for the use of Sheriff Sikes who will move in shortly. At this time there is only one prisoner inhabiting that Bastille.

NEW BABY. Born to Mr. and Mrs. R. L. Canady of St. George, a fine girl.

OLD GEORGIA CUSTOM. It's "moving time" in South Georgia according to a Thomasville news writer. Scores of share croppers and tenant farmers are following the old custom of moving their families and household belongings to new sites. Frequently dissatisfied with their accomplishments on one spot or possibly having some grievance against the landlord, they begin early in the fall to lay plans for moving. Although trades for new sites usually are closed before Christmas the majority of movers wait until the week between that holiday and New Year's Day before migrating to other parts. Once on a new site the average share cropper resolves to "stay put" for a while but the urge to move on returns to many before the year is out. It's an old South Georgia custom.

January 20, 1933

NEW BABY. Born to Mr. and Mrs. Oscar Petty a fine nine pound baby boy on January 11. Mrs. Petty was formerly Miss Nellie Byrd.

STOLEN MILK, GAS AND OIL. Thursday morning Harry Johnson found himself minus his milk supply, someone having removed two quart bottles from his doorstep. That was not the worst of it, for when he started to go to work he discovered that the oil and gas supply had been drained from his car. Sheriff Sikes was on the hot trail with clues but at the hour of going to press no capture had been made.

ANOTHER CAR OF RED CROSS FLOUR will arrive this week and arrangements have been made for the storing of it in the Scott Building on Main Street under the supervision of Ed Stokes. Doors will be open from 1:00 - 4:00 on Saturday only so that everyone entitled to the flour can get his supply promptly.

PRESIDENT-ELECT FRANKLIN D. ROOSEVELT WILL PASS THROUGH FOLKSTON en route to Jacksonville early Saturday morning. Mr. Roosevelt will make a short public address at Hemming Park, Jacksonville that morning. Many in this vicinity have indicated their intention to hear him.

THE BUSINESS SCHOOL which was a matter of considerable interest among the younger element seems to have gone on the rocks as the instructor, Prof. Land left last week and has failed to keep his appointments to return. It is hoped that some adjustment will be worked up with those who were supposed to be sponsoring the school so that it can be continued.

FOLKSTON MERCHANTS have taken the bit in their teeth. At a meeting held this week they demanded a reduction of license taxes assessed against them setting up the claim that several of the aldermen have not paid their license tax for the past year and also that this evasion is causing them to pay more than their share. The meeting was held at Tyson's store last Thursday night. We understand that almost every businessman of town was present, the absent ones agreeing to stand by whatever action the others took. Their demand is, we understand, that the license tax be reduced and that all be made to pay. They are also objecting to the expenses of government setting up that the city fathers have not reduced expenses as they should under the circumstances.

THE WARE COUNTY MEDICAL SOCIETY had its annual shad supper in Folkston Wed. evening at Banks' Cafe. Some twenty-odd were present. There was plenty of shad, and lots of merriment came from the men of medicine. Dr. A. Fleming and A.D. Williams, members of the society, had charge of the local end of the preparations.

February 10, 1933

SCHOOL SUSPENDS. The continued epidemic of the flu in this community forced the closing of the Folkston Consolidated Schools Friday. Many were already out. Several cases have developed pneumonia and the doctors have their hands full with calls of new cases developing overnight. When it was found that 198 were absent from school Monday the school was immediately adjourned.

For his age he was in excellent health till the moment of his death at which time he was preparing to go from the barn to the field to plow. He was seen to topple over and was dead when reached. Mr. Wildes was born near where Waycross now is and has spent all his life in Ware, Camden and

Charlton Counties, residing since 1912 on the farm where he died. His father, then only six years old, was the only white survivor of an Indian massacre which occurred nearly a century ago where Waycross now stands. His funeral was Wednesday evening. DEATH. CHANGE IN BUSINESS. The Folkston Grain & Grocery has made a change in its managers, George R. Gowen, Sr. retiring to take charge of the stave mills at Folkston and Hoboken. Clyde Gowen is now in charge of the business.

H.S. Hodges was in Folkston the past week to take up his commission as Justice of the Peace of the St. George district. He has served the longest time as Justice in Charlton County, having held that job for the past twenty years. It would not seem like Court down in the Bend if Justice Hodges was not on the bench.

Rev. M.G. Davis has moved to Folkston, now living in the bungalow of Sam Mills near the Coca Cola plant.

SMOKE HOUSES ROBBED last week were the Mrs. Joe Allen's and V.A.

Quarterman's. It is a pretty mean thief that would rob a widow and they took most all Mrs. Allen had. The Quarterman robber took all but it was only one piece.

The daily papers are asking for names of all in Georgia who were born on February 12, Georgia Day. How many readers in Charlton were born on that date, we would like to know. This year is the Bicentennial of the State of Georgia.

LAST VET DEAD. The last remaining Confederate veteran living in Charlton County answered the last roll call at 11:00 o'clock Wednesday night at the home where his father settled over a century ago just two miles east of Folkston. In his 93rd year, veteran John Vickery has answered the Final Summons of his Master after a life of usefulness. He was the youngest child in his family. During the Confederacy he was a member of the First Fla. Cavalry, then later with the Georgia Cavalry. He was wounded in the Battle of Chicamauga but remained in active service. During his residence in Charlton County he served as Sheriff in 1873 for a term. He was married to Miss Ellen Conner, a member of a pioneer family. To them were born seven children. He is survived by two sons, Thomas W. and Jesse Vickery; daughters, Mrs. E.M. Grooms with whom he lived, Mrs. T.E. Wainwright and Mrs. Victoria Bates. Outside of about two years he lived and farmed upon the place where he died. The funeral service hour has not been set.

GOVERNMENT CLOSED BANKS. Charlton County had it's usual short session of Superior Court Monday, made shorter perhaps by the fact that the nation's business had been halted by the closing of banks and was at a virtual standstill by Government Order. **CITIZENS BANK PRESIDENT MIZELL COMMENTS ON BANK CLOSINGS.** President William Mizell and vice president Albert Mizell have been conferring with the Jacksonville banks through which they clear their business and as a result have declared that they will open for business under the rules set forth by the Secretary of the Treasury. At Noon Thursday the bank opened for business. Previous accounts will remain as they are. For several days no checks can be cleared so everything must be paid in cash or post office money orders. Mr. Mizell stated that the withdrawal of gold for foreign transmission was the cause of the closing of the banks. He assures us that the promptness of President Roosevelt impresses the banking public of his intention to protect American industries.

SCHOOL EMERGENCY. The announcement was made that under circumstances of which the authorities had no control, it would be necessary to discharge three teachers in the Folkston school. With this announcement came a suggestion from the teachers

that they would be willing to divide their salary to meet the emergency so that all teachers might be retained. Three teachers were to be let out to meet the shortage of money to satisfy the payroll. Supt. Harris then stated the emergency could be met on that basis. Aiding the movement to retain all the teachers, several offered to board the three teachers which were subject to dismissal so that those teachers would be taken care of free. Miss Overstreet will be the guest of Mrs. J.H. Wrench, Miss McDuffie of Mrs. E.B. Stapleton and Miss Battle at the home of Mrs. L.E. Stokes and Mrs. J.C. Littlefield. Teachers intend to share whatever salary they get with them, guaranteeing each of them \$25.00 a month and board.

HIDDEN MONEY DUG UP. Last week one of Tom Crawford's boys was engaged in removing a stump when his shovel struck something hard. It was found to be a can which held \$1200.00. The lad took it home and hid it but it was too much good luck to keep, so it was whispered to friends and thus it became common property. Soon one of the neighbors sought his hiding place where he had kept his hoarded wealth but found it missing. He straightway sought Mr. Crawford and his son, explaining he had been saving his money, placing it there for safekeeping. When he described the money, it was given to him. It belonged to a Mr. Batten.

NEW SAW MILL AT SWAMP CANAL. Encouraging reports during the past week of a new lumber industry are promised this section by the start of construction of a sawmill at the head of the Okefenokee Canal near the old turpentine camp. The Brinson Lumber Co. of Jacksonville has leased Bugaboo Island and the timber adjacent and will shortly place 100 tie choppers in the woods with six trucks to haul the ties to market. The saw mill will also use a large force of hands to keep a train of four trucks carrying the lumber to market. Manager Phillips is in charge of the construction of the saw mill and has men engaged in cleaning out and opening up waterways to float out logs from Bugaboo Island section.

Announcement was made Thursday that Gov. Talmadge had secured a loan of two million dollars from three Atlanta banks at 5 1/2 % and has been turned over to School Supt. Collins for the various schools throughout the state. This loan will prevent closing numerous schools throughout Georgia.

At the Board of Education meeting this week, it was decided to reduce the expenses as low as possible by the elimination of teachers and buses where attendance has fallen off and by reduction of salaries in an attempt to continue school for the full term. Griffin assisted by Rev. G.C.G. Brooks. Services were conducted at the grave where a large number of citizens attended paying him the last earthly respects. The surviving members of the family were all present and one beautiful incident of the occasion was the massive blanket of flowers given by the sons and daughters of former Confederate veterans. This useful life was first begun October 10, 1839 at the home where he died last Wednesday night. Charlton County has had no citizen to ever before live that length of time within its boundaries and perhaps never will. MRS. LOU M. RODDENBERRY DIED. Mrs. Lou M. Roddenberry, relict of D.F. Roddenberry, a former official of Charlton County who died about twenty years ago, burned to death at her farm home in the Sardis neighborhood Tuesday evening. Mrs. Roddenberry who was 77 years old was burning some trash in the field preparing to have some gardening done and Mrs. Gad Roddenberry had dropped in and was with her at the time. It seems that the old lady had lighted a pine splinter and in some way caught her clothes afire. Mrs. Gad Roddenberry tried to get her to lay down in some fresh plowed ground but she was so confused that she could not do anything to help herself and as the flames had enveloped her completely, she was powerless to render aid. She lingered three hours before dying. She was widely known and had many relatives in this section including two sons, George at Perry, Fla. and John at Moniac; three daughters, Mrs. Lyn Murhee, Mrs. Oscar Kelly and Mrs. McMillan. She was a sister of Jim Robinson and had three brothers in Savannah, Joseph A., Jesse M. and Owen Robinson, M.F. Robinson and A.J. Robinson. An amazing coincidence in this connection was that about twenty years ago in the same field in the same month, at about the same hour of the day, a daughter of Mrs. Roddenberry met the same fate by fire initiated in the same way. Burial was in Sardis cemetery.

MRS. OSIE SURRENCY DIED. Mrs. Osie Surrency died in a Jacksonville hospital Monday and was buried in Virdie, Fla., her home. This structure, 27 by 24 feet in size, will accommodate the congregation out there very nicely. Dedication will be held the 3rd Sunday of this month.

NAHUNTA NAMED FOR PIONEER TIMBER MAN. Attorney Rawls of that town has dissipated the notion that the town of Nahunta, Brantley County, is Indian. He has discovered that the locality was christened in honor of N.A. Hunter, a pioneer timber worker of that region a great many years ago.

DEATH OF L. LLOYD. Last Sunday Leonard Lloyd, after an illness of some two years answered the Final Summons and passed into the Mystic Beyond. Having lived all of his

life in this immediate community he was known by every citizen of Charlton County as "Son" Lloyd. For the past two years he has been confined practically all the time to his bed suffering from consumption. He leaves a wife and six children to mourn his departure, being Mrs. G.W. NEW LUNCH ROOM AT PICKREN'S GARAGE BEGUN. One of the newest ventures in the business life of Folkston is the new lunch room that is being built now as an annex to the Pickren Garage building. Under a lease to Miss Helen Brockman for a term of years, she will open up the lunch room as soon as the building is completed, which will provide a new service for the buses that make that station their stopping place. It has been noticed that these buses arrive just about lunch time, but their stopping time is so short, they do not have time to eat there. This room has been conceived for the purpose of supplying food to the travelers with neatness and dispatch. Miss Brockman and Mrs. C.E. Roy, her sister, will run the place, both having experience prior to this. The old tin building was torn down the first of the week and material has been placed for the new building, to be 25x35 feet, on the east side of the garage building.

COUNTY COURT TO BE ELIMINATED. Charlton County Court was canceled by vote of 197 to 35, after one more term. The vote cast Tuesday on the annulment of the County Court, or its retention, was small and little excitement prevailed as to the issue. The vote was overwhelmingly against the court. With the lease goes twenty acres surrounding the property.

MRS. TOY NOT IN GOOD HEALTH. Mrs. R.M. Toy of Homeland who has been living in this community for something like twenty years is not enjoying the best of health lately to the regret of a large number of friends. as she has always been active in social work and an aid in public works.

NEW LUNCHROOM. The new lunchroom building is getting the top coat of brick today. They will reside in Jacksonville.

BEAUTIFUL HOMELAND PARK BUTCHERED. [Four pictures of Homeland Park showing destruction by timber cutters.] These four scenes were photographed at Hursey Park, formerly Homeland Park. The citizens of Homeland who donated the park for specific purposes are bitterly resenting the so-called "improving" of that beautiful stretch of forest. Through a sale made by A.B. Hursey, County Agent, to J.C. Littlefield, Sr., Chairman of the County Commissioners, the beautiful woodland tract has been butchered during the past several weeks. One tie-chopper at work on the trees stated that 1,000 ties were to be taken but the forester reduced the number when he was here yesterday to only those trees marked by him. Large piling as long as 90 feet and huge

poplar trees have been cut and taken away. One stump of a poplar tree measured 53 inches across, where it was cut. That is not the worst of it. In cutting ties sometimes only one or two are taken and the remnants lie dying. The Herald has insisted that this area be handled by a park commission and taken out of the hands of a man hired by the board of commissioners whose chairman has now taken so much of this timber that destroyed so much of the former woodland beauty of the park.

HOMELAND CITIZENS ENRAGED OVER PARK CONDITION. The citizens of Homeland arose en masse Wednesday evening after Mayor Waughtel gave an account of the slaughter going on in Homeland Park. They decided to bring an injunction against J.C. Littlefield and County Agent Hursey to stop the cutting of timber in the park and signs have been posted.

VOLUNTEER FIREMEN HELP AT TWO HOUSE FIRES. The shack known as Bill Douglas' place just west of the depot caught fire in some mysterious way while the tenant was away and was destroyed. Embers fell on the depot starting a small blaze that was quickly subdued. Shortly thereafter the old Lowther place across the railroad occupied and owned by Jim Roddenberry was discovered ablaze on the roof and it was put out. Lack of proper training delayed the fire fighters a little but they did fine work when they did get the stream playing upon the blaze. The play of the stream of water upon the building knocked shingles from the roof, showing the extent of the pressure the new system has. Neither of the houses carried insurance. Both are numbered among the very oldest in Folkston.

WEDDING. The marriage of Miss Jewel Wainwright and John Roberts of Jacksonville, took place in the home of Judge Gibson Sunday. She is the charming daughter of Mrs. Rooks Wainwright and finished school in Folkston in 1931. CHARLTON COUNTY'S FORESTRY CAMPSITE IS SELECTED. Supt. R.E. Tittle, who is in charge of the forestry camp in the southern part of Charlton County, told of the work he has undertaken. The camp site is on the old Tomlin place, about midway between St. George and Toledo on the St. Marys River. There will be a mess hall 118x20 feet and an 80 feet deep well will be drilled, this work to be done by men of the regular army. The foresters will devote themselves to the construction of about 300 miles of firebreaks, 150 miles of telephone wires installed and erection of three watchtowers.

NEWS FROM CIVILIAN CONSERVATION CORPS, ST. GEORGE. Establishment of Civilian Conservation Camp No. 1450, under command of Capt. Henry E. Sowell is progressing rapidly. Located 22 miles south of Folkston, along the St. Marys River, the large camp site has been cleared of underbrush leaving the larger trees for shade and beauty. The river is used for swimming, boating and fishing. The company consists of three officers, four regular enlisted personnel and 193 enrolled members of the CCC. In addition 12 expert foresters, under R.E. Tittle, are in charge of the actual field work. The company arrived from Fort Benning, Ga. on June 25th. All men are temporarily housed in tents though some buildings such as mess hall and bath house are already nearing completion. Medical service is directed by the Camp Surgeon, Dr. W.R. McCoy. He is a retired Captain, Medical Corp, U.S. Army.

MISCHIEF-MAKERS. Young marauders who visited a nearby melon patch and wantonly destroyed the fruits of a hard-working farmer's toil were subjected to righteous discipline this week, the father of one of the youngsters going so far as to cause his young son to procure a wheelbarrow, load it with melons he had helped to shatter and push it along Main Street in public view as punishment. Also, a crowd of young idlers who amused themselves by bombarding a gathering of negroes with paper sacks filled with sand, on the street Saturday evening, was herded before His Honor, the Mayor, by the Marshal. Mayor Thompson released them with a reprimand. This is one of the problems confronting a town with absolutely no provision for directing the natural excess energy of youth. A brass band, baseball club, Boy Scout organization...things of this sort would help.

MR. W.W. YARBER DIED. W.W. Yarber, for twenty-four years a resident, died suddenly at his home in Homeland Tuesday. His death was not unexpected, for he had long been troubled with an affliction of the heart. For several weeks he had been "poorly". Just previous to the end he was moving about the home. Mrs. Yarber caught him as he fell when the summons came. The funeral of Mr. Yarber was Wednesday, Mr. Arthur Roberts pronouncing the service. He was buried at the Homeland Cemetery. Beside his wife, there is left several sons and daughters and two brothers, Marvin and John; three sisters, Mrs. Joe McMichell, Mrs. Julia Pegg and Mrs. Mattie Dalton; two daughters, Mrs. Lizzie Levercing and Mrs. Fannie Pullman; sons, William, John and Louis. RUSSELL JOHNSON BADLY INJURED. Rushed to Folkston from the sawmill of J.H. Johnson & Son Monday, Russell Johnson was thought to be dying from loss of blood from a self-inflicted knife wound caused when a sharp knife in his hand slipped while he was trimming a belt. The knife jab was in his right leg striking a main artery; bringing a gush of blood that almost caused his death before the flow could be stopped. His brother Scott was at the mill and he with his father Henry Johnson rushed him to Folkston where Dr. Fleming rendered first aid. He was so weakened it was thought best to take him to the Ware County Hospital for a blood transfusion. Hinson's ambulance was rushed toward Folkston but broke down at Racepond. Another was sent out and when it reached the limits of Waycross a tire blew out. Wednesday he had recovered his strength to such an extent that he was brought to his father's home here for treatment. Some ten or twelve young men of Folkston went to Waycross to offer blood for transfusions. Rev. H.C. Griffin took Mrs. Johnson to Waycross. In the rush from the mill to Folkston over roads somewhat rough, Judge Johnson, who was holding Russell in his arms was thrown against the top of the car which brought blood and also bruised one of his ribs. His injury however left no after-results.

JACK MAYS TO BUILD IN HOMELAND. Jack Mays, well known retired railroad man from the transportation department was in Folkston Monday and closed a deal with the Citizens Bank for the old Bethel place in Homeland. This is a beautiful place for a home with a splendid grape vineyard. We learned that Mr. Mays will erect at an early date a beautiful bungalow home where he will make his future home with his family. Mrs. Jack Mays will be remembered as Miss Naomi Martin.

FOUR LOCAL BOYS ENROLLED IN REFORESTATION CAMP NO. 71. Four local boys are now members of CCC Co. 1450 in Camp No. 71 located four miles out of St. George. They are Louis Askew of Folkston, Joseph Londeree of St. George, Dan Sikes and Fell Crews of Toledo. The 25-year age limit has been removed and married men are now acceptable as replacements. Construction on the road from the camp site to the county road between St. George and Folkston is well underway. The clearing of a plot for a baseball park is also nearing completion. There are three details of fifteen men; each working on a fire break just north of Harris Creek, which when completed will serve as a combined fire break and road into the Trail Ridge section. There will be a fire break along what is known as the Jackson Trail which skirts the eastern edge of the Swamp. The first break crews are transported to and from work in trucks hired through N.J. Norman in St. George. This is a temporary arrangement which will be terminated upon arrival of regular trucks to be supplied.

TAKES OATH AS LAWYER. Cecil Roddenberry, son of Commissioner Eugene Roddenberry, was visiting Folkston the past week feeling like he has become a full grown man, the passing of an examination and being sworn in as a full fledged lawyer being the cause of the good feeling. He spent a few hours here then took the Boogey for Winokur for a short visit. So far he has not decided where he will hang his shingle, but says that he likes Douglas and may decide to stay there.

PROPOSED EXPANSION OF FOLKSTON WATERWORKS SUBMITTED. Mayor Thompson is feeling great and so is the council. Their dream of the completion of a water system of Folkston is about to be realized. Clerk Wilson, assisted by Alva Wilson, completed the paperwork and it has been forwarded to the Reconstruction Finance Corporation, a national government agency. This means the water system of Folkston will be completed so as to give a water main from the courthouse on Main Street to the Dixie Restaurant. This will give fire protection of some 3000 feet available to almost cover the central part of town.

CLEANING UP COURTHOUSE SQUARE. Someone has asked us if the intention is to remove the shade trees from the courthouse yard. We think not. The grass is all that will be torn up now and it is to be replanted after the yard has been plowed up.

A VISIT TO CCC CAMP. The editor accompanied Dr. McCoy to the CCC 1450 last week and found a delightful place well cleaned and almost completed. The camp is located under beautiful live oak trees, the mess hall, show room and toilet is almost ready, the four inch well at a depth of 165 feet will supply the water, the tank to hold the supply is being put together. Lights will be turned on Friday; the wiring was up in the library tent; a radio is also ready for opening day so the boys will have somewhere to be entertained every night. Rev Omer Jones was a visitor Sunday and preached that afternoon. The first work date at the camp was Thursday July 13th, but the road cut from Folkston to St. George indicated the boys had already been at work. The measles and mumps have run their course. A few light-duty boys were sufficient to keep the camp clean. Louis Askew joined the camp forces Saturday. Miss Mayme took him down and reports the camp to be a great camping ground. Joe Londeree was taken in Friday and two others, Fell Crews and Sikes had already joined and were nursing sore arms from vaccinations.

Murray was badly burned when the stove exploded from a leaky gasoline pipe. He was at once enveloped in flames, his whole upper body being burned so seriously as to make his recovery a 50-50 chance. His mother, Mrs. Newt Murray, residing here, responded to the call, leaving at once for his bedside.

GEORGE W. ALLEN DIED. George W. Allen, well known farmer and resident of Charlton County for over sixty years died Tuesday just after eating a hearty dinner. Mr. Allen, with Osgood Altman, had been working in the field, pulling fodder, and after placing it in the barn they knocked off for dinner. Shortly after dining, Mr. Allen was sitting in the porch swing when Mr. Altman noticed him gasping and falling backward. He placed him upon a bed, the stricken man dying immediately. Mr. Allen settled just across the branch from his recent home after he had married Miss Julia Ammons on April 2, 1884 and had lived there until he moved upon the present farm. To this union were born seven children, six daughters, Mrs. Lizzie Mills, Mrs. Gertrude Altman, Mrs. Joseph M. Howard, Mrs. Nannie Sikes, Mrs. Kate Sikes, Mrs. Dora Thomas and A.A. Allen, his only son, living with him. He was born in St. Augustine December 18, 1861, the son of George W. "Dick" Allen and was 72 years of age in December. He is also survived by four brothers, C. Allen, J.C. Allen, D.B. Allen, and W.R. Allen and one sister Mrs. Eva Jordon. Funeral services were conducted under the large oak trees at the old Dick Allen home place near the Allen cemetery in which he was laid beside his wife who passed over the River a year or so ago. Rev. W.O. Gibson officiated at the services. He stated that he had married Mr. Allen and had known him all of his life, spoke of the splendid type of citizen he was and how everyone knowing him appreciated him as a friend. One of the songs sung, Mr. Gibson announced, was the first song used by him when he began his ministry over fifty years ago.

Cliff Mizell began the first step toward the fencing in of the corporate limits of Folkston yesterday when posts and wire were placed in the part of town where he lives just south of the Herald office. This fencing will be from field to field and street to street with four strands of four-point barbed wire. J.H. Johnson and son have donated liberally lumber and material for gates and stock guards so that automobile travel will in no way be impeded. Where stock guards are placed it is proposed to place gates just off the road so the horses, wagons and driven cattle can use them. This work will continue around the town until completed.

COURTHOUSE YARD. Noticeable are the improvements around the courthouse and

jail and the cleaning away of weeds and grass. The work of setting out St. Augustine grass in the front part of the courthouse yard will prove shortly what a fine lawn can be made from this quick-spreading grass. The intention of those in charge of the work includes putting in a wide cement walk from the courthouse to the sidewalk.

Mr. Norman generally sends for him every evening but he advised him on this

occasion to wait and return with the ice man. C.H. Gibson, delivering milk to the camp, offered to take him to St. George about 7:00 but young Ratliff said he would not go then. Lt. Rose, physician in charge of the hospital next to the canteen said that he saw Ratliff around 8:00 but noticed the canteen closed at 8:30. END OF USEFUL LIFE OF MRS. ROSA M. TOY AT FOLKSTON HOME. Mrs. Rosa M. Toy, the oldest resident of this community, passed to her reward at her home at Homeland late Saturday evening as the sun set in the western horizon casting its fading blue over the death scene. Her death came suddenly although she had been in failing health for several months past. Of late she had spent most of her time sitting on the front porch of her home watching the passing days go by, On Saturday evening she had planned to go to town and had bid her son to feed the poultry and while he was doing so she was seized with a coughing spell. Calling him she tried to return to her place when she fell to the floor and died before he could reach her. Her life had passed out with a hemorrhage, ending after 85 years 3 months and 9 days of usefulness, she having been born on May 3, 1844. Mrs. Toy was one of those who came to Folkston with the founding of Homeland in 1905, she becoming a resident in 1910. Plans call for three buildings to be used as barracks. Each of these will be 20 feet wide by 136 feet long. A recreation hall is also to be erected so the boys will have comfortable quarters to pass idle hours in reading and appropriate games. Lumber was placed on the grounds yesterday and seven carpenters under their foreman, P.C. Hall, began work upon the improvements. The carpenters were all found in this immediate vicinity.

REV. OMER JONES RESIGNED. Rev. J. Omer Jones, who for the past year has served the people of Folkston and vicinity as pastor of the local Baptist Church, recently resigned and he and Mrs. Jones left this week for Louisville, Ky. where he will study at

the Baptist Theological Seminary. For an indefinite period, the pulpit will be occupied by Rev. E.G. Kilpatrick.

SCHOOL ROOF TO BE REPAIRED. Investigation of a leak in the roof of the Folkston High School building a few days ago led to the discovery that the only possible repairs would be an entirely new roof. Supt. Harris, surprised at the disclosure, was in Waycross Tuesday providing for the new roof. The cost will be approximately \$500.00 and the improvement undertaken at once.

TO THE EDITOR OF THE HERALD: A few days ago, when I stepped into the Citizens Bank a photograph hanging on the wall attracted my attention and the features so familiar to me seemed to say "Come in, Owen. I'm glad to see you." Standing before and looking at it I began to meditate as I always do when something I see or hear stirs my emotions.

The photograph was of William Mizell, Sr. whose life in later years it is unnecessary for me to speak, for others knew him too. But as there are only two living persons whose acquaintance with him antedates mine, these two persons are his sisters, Mrs. Martha Lang and Mrs. Lucy Lang.

I wish to say a few words concerning his early life and in doing so I wish to compare conditions then with those of the present time.

In my meditations, memory carried me back about three-fourths of a century to the first school he and I ever attended. That school was in a small building out in the woods and

was built of pine logs from which the bark had not been removed. A door in one end was the only opening and the seats were puncheons near the wall on each side and across the back end. The floor was a few square feet of the dry land that appeared when the world was only three days old. The teacher was Mr. Peter deYoung, a well-educated Frenchman who spoke good English and the scholars were Martha, Lucy, Everett and Billy Mizell, Lizzie and Seaborn Mills, Kate and Sol Vickery, John and Tom Kennison and Jimmy Hagin and myself.

Where are they now? Everett Mizell and Sol Vickery have lain under the soil of Virginia since the fearful destruction of human life in the Civil War. Billy Mizell is resting in Folkston Cemetery, Lizzie and Seaborn Mills are peacefully sleeping in the family cemetery almost in speaking distance of the spot of their birth. John and Tom Kennison are taking their rest near their home in life. Jimmy Hagin lies besides his mother in an old cemetery near the place where the school house stood, and Kate Vickery is taking her last long slumber in Sardis Cemetery while Mrs. Martha and Mrs. Lucy Lang and myself are the only survivors of that school and we are past our four score years. Few indeed were the years that Billy Mizell spent in school, but he acquired sufficient learning to accumulate honest dollars and to use them in a way to benefit others as well as himself.

When he was a young man he could convert a raw deer skin into as fine a piece of dressed leather as ever left the hands of a Seminole Indian. He was an expert in laying off straight rows with a plow across his father's field and on through life he continued to plow a straight row. And the building and business where I stood in meditation near his picture will stand as a monument to his honesty and integrity when the marble in the cemetery may have been forgotten.

The transition of the schools from the little log house in the woods to the brick buildings in town is all right, but it remains to be seen how many boys who spend a half dozen or fewer hours in these buildings and have it called a day in school and perhaps think as much or more about baseball, basketball or radios than they do about books will leave behind them the name that my friend and schoolmate Billy Mizell has left behind him. — W.O. GIBSON.

MALLARD'S FIRE. Monday the serenity around Stapleton's Pharmacy was suddenly shattered when Mrs. Davis phoned her brother to rush Cootey there as they smelled burning rags and a search of the house failed to disclose from whence the aroma came. E.B. and Cootey automobilized out in a jiffy. It seems that L.E. Mallard who lives across the street from Mrs. Davis' home was over to borrow use of the phone and just like a man put his pipe, which happened to be lit, in his hip pocket while phoning. Talking, he forgot it but the pipe was busy heating up his hind quarters and soon was burning its way. Upon arrival the fire fighters found the source of fire, it having reached the hot stage. Mallard's shirt tail was burning. In the excitement he was thinking of saving the house, not his shirt. The fire was soon outed.

This leaves about 100 young

JUST A MOMENT PLEASE. This editor is just back from the two greatest cities in America where he mingled on high with the birds and air currents, rode high, stepped high, viewed from 102 story buildings the Washington Monument and saw many things of interest. We are deeply indebted to many for such a great time. We shall be telling you the story next week just as soon as we catch our breath. It was the greatest episode in our life and we hope to make the best of it in our story to our readers.

PTA MEMBERS HELPING WITH TAX COLLECTIONS. The committee of the PTA having in charge the matter of boosting the payment of school taxes has been working this week on those assigned to them. It is hoped that all will qualify for the honor of having "I Paid My Taxes" sticker on their cars. It's a nice idea to pay them and better still, to help the movement to keep the schools going.

CITIZENS OF THE COUNTY AROUSED OVER SCHOOL MATTERS. Citizens of a serious mind met Friday at the high school auditorium. The object of the meeting was consideration of the predicament in which the schools of Charlton County is found by reason of the inability and failure of about 1,000 taxpayers to pay taxes due the state, county and school districts for 1930, 1931 and 1932, a condition if not immediately remedied will result in the closing of all the schools in a few days. It was explained that the emergency existed here, as elsewhere throughout the state, because of the leniency of tax collectors who sacrificed the public welfare for personal political advantage sought to curry favor with voters by failure to enforce the collection law. It was agreed that each year made it more difficult for the taxpayer to meet his growing obligation. The accumulated delinquency now extended over three years amounts to between \$3400 and \$3500 due from about 1,000 taxpayers, a sufficient sum if collected now to bridge the gap between the present and the collection of this year's taxes.

Citizens were appointed from each militia district to see as many of the delinquents as possible and make them acquainted with the necessity of immediate payment of the school tax, which has been separated from the state and county taxes. Those appointed

were: Winokur, Jake Littlefield and Eugene Roddenberry; Uptonville, J. W. Vickery and John Carter; Traders Hill, J.V. Gowen and Jesse P. Mizell; St. George, N.J. Norman and Fred F. Osterman; Moniac, Ralph Knabb and Dan Reynolds; Folkston, E.B. Stapleton, W.D. Thompson, J.H. Johnson and Tom Gowen. Almost immediately effects of the drive became apparent and at this writing indications show that funds will be forthcoming to avert the impending disaster of closed and locked school houses in Charlton County. FLORIDA SENDS PERISHABLES NORTH. Long trains of yellow refrigerator cars, empties going south, fruit and vegetables going north, pass through Folkston several times a day at this season.

Melton Crews, serving a fifteen to twenty year manslaughter sentence on the Pierce County chain gang was pardoned by Governor Talmadge Tuesday following a recommendation by the Prison Commission. Crews was represented by attorney Lee Purdom of this city in his pardon application. Crews, the husband of Mrs. Lydia Stone, well known resident of the Okefenokee section was convicted of slaying a man in Charlton County less than two years ago. Returning with the pardon papers Tuesday night, attorney Purdom delivered the freed man to his home Wednesday morning. It is understood that neither the jury, Solicitor or Judge recommended that Crews be given his freedom. -- Blackshear Times. The above story of the pardon was the first news the Herald heard of the release of Crews. It has been known for some time that every effort was being made to free him, although it was given out that little encouragement was given by authorities in Charlton County.

DEATH OF V.C. JACOBS. YOUNGEST OF A FAMILY OF ELEVEN. The funeral of V.C. Jacobs, 71, who died at his residence at 701 N. Third Street in West Monroe Saturday afternoon was held at the residence Sunday afternoon at 4:00 o'clock with Rev. H.L. Driskell, pastor of Emanuel Baptist Church, officiating. Interment was in Hasley cemetery. He is survived by one son, Leon Jacobs of West Monroe; four daughters, Mrs. Alma Crane of Breaux Bridge; Mrs. Effie Alredge of Washington D.C. and Mrs. F.E. Jacobs and Miss Alberta Jacobs of West Monroe and a brother, Rev. G.H. Jacobs of Folkston. The deceased was the youngest son of a family of eleven of whom Rev. G.H. Jacobs, 82, is the only one now living and who writes the Herald this bit of family history: I was born November 29, 1859. I came to this county in 1880, married 1883. I turned to the Lord 1884 and have been fighting ever since. I have kept the faith. I am ready the time of my departure if at hand. We were with the shepherds Christmas

morning and heard the angels singing Glory to God in the Highest. About 5:00 o'clock P.M. my friend Edgar Mills and son came to my place and gave me a nice piece of venison. It was a piece of the first one the young man had killed. I am like Isaac of old, I am fond of venison. I have killed many deer and bear but when a man gets old, they lay him on the shelf. The last deer I killed about 12 or 15 years ago was the last venison I ate until now. -- G.H. JACOBS
